

## **PRESS RELEASE**

### **FOR IMMEDIATE RELEASE**

POINT PLEASANT- Schrader Yacht Sales, Inc. is proud to announce that our Service Manager, Pat Barry has achieved the outstanding recognition of Yamaha Outboard Master Technician. This represents the highest certification a Yamaha technician can attain. After meeting the challenges of Yamaha's most demanding training, the Outboard Master Technician is the best there is. Displaying this logo means that a Master Technician is a member of this dealership team. The advanced level of Yamaha technician training, the Yamaha Outboard Master Technician program includes six training modules at Yamaha's state-of-the-art training facilities. Each module is an intensive week-long class with both classroom and hands-on training in advanced troubleshooting and repair techniques. After completing one of the industry's most comprehensive training programs, the technician is ready to tackle the ultimate challenge: the final certification test. Only then, after passing the final exam, do technicians earn the distinction of being a Certified Yamaha Outboard Master Technician, recognized by Yamaha as one of the most advanced technicians in the business. Working with Yamaha, Schrader Yacht Sales, Inc. has come one step closer to its goal of offering the best customer service in the industry. Three other Schrader employees have completed Yamaha courses on the road to achieving Outboard Master Tech. Craig Clayton, Scott Hubert and Tony Schwertheim have completed courses in Outboard Systems, Fuel Systems, Electrical Systems and Four Stroke Systems. Schrader Yacht Sales are dealers for Chris Crafts, Island Packet Yachts and Parker Boats.
